Telepítés

phar

```
wget http://silex.sensiolabs.org/get/silex.phar
```

```
<?php  
require_once __DIR__ . "/silex.phar";
```

composer

```
{  
  require: {  
    "silex/silex": "1.*"  
  }  
}
```

```
<?php  
require_once __DIR__ . "/vendor/autoload.php";
```

Használat

```
$app = new Silex\Application();  
  
$app->get('/hello/{name}', function($name) use($app) {  
    return 'Hello ' . $app->escape($name);  
});  
  
$app->run();
```

```
$app->get(/* */);  
$app->post(/* */);  
$app->put(/* */);  
$app->delete(/* */);  
  
$app->match(/* */->method("PATCH");
```

Használat

```
$app->get(/* */)
  ->bind("route_neve")
  ->assert("param", '\d+')
  ->value("param", "default")
```

```
$app->before(function(Request $request) {});
$app->after(function(Request $request, Response $response) {});
$app->finish(function(Request $request, Response $response) {});
$app->error(function (\Exception $e, $code) {});
```

```
$app->json($data, $code);
$app->stream($callable);
```
